Vetting

Vetters! You are the line of defense for NSL. You will need to have a much harder vetting process. If you catch anything weird, inconsistent, or different about the person you are vetting they will be kicked. No matter what.

IF they lie, change story, or dievert into making you believe something that isn't true, they will be kicked. Everyone needs to go through vetting even if one of our members are “Friends” with them, even in real life. **EVERYONE NEEDS TO BE VETTED.** Vetters, if you do NOT follow these rules you will be held accountable.

You will **SAVE** everything when vetting. Chat logs and emails. As well time stamped and dated. For voice chat, you may record. However, you don't need to. But it will save many problems in the future. They will fill out the forum on our website **FIRST**. Wait until over twenty-four hours or longer until you can start the voice chat vetting. You many **NOT** give out any links from our servers etc.

Communication

Communication in our group is **key**. You must always check in every week at least 2 to 3 times a week. See your leaders or State leaders to see if you are active. If not, you will be removed for inactivity and would have to go through the process of rejoining again. If you can not make it to a meeting with our chat tell our leaders or your state leader; with the reason why you can not show up. Also, be careful what you say within our chats. Do **NOT** dox yourself or any of our members. Including address, photos, names, or any personal information about you or our members. This will keep you safe as well our own group. Stated up above we take “leaks”, or anything that is classified seriously. If we see someone leak or give classified information out to anyone. You will be removed as soon as we get notified.

Meetups

If you are attending any meeting in real life you are required to bring **one** or more of these things.

- (1) Hat, eyeglasses, bottom face mask (One or more)
- (2) Your State patch (If you have one) (**Required**)
- (3) Long shirt, pants, boots/shoes
- (4) Flag (If you have one)
- (5) Flyers, Stickers (**Required**)
- (6) Medical aid, First Aid (**Leaders & State Leaders Required**)

Number one is for safety reasons. No, we are not antifa or a communist who is actively looking for anarchy. This is for multiple reasons. One, not being doxxed by antifa or the left. Two, I assure you don't want cops at your door. Three, being found out and harassed daily by the opposing side. So please take into account that if you don't bring anything; you better be looking for a fight to come your way.

Action

We need action! Go out with your freinds, leaders, or anyone from our group to spread our messages around. You may set up a meet up with members within our group. However, you need to tell the leaders and or your state leaders what you guys are going to do. And where you are going so we know beforehand. This is to help us understand what is going to be done, for example: flyers, stickers, videos, hiking, or any activity with NSL. We will not deny any of you not be able to meet. We should just know what your plans are. However, we do not agree with any “illegal” activity like killings. Although, if you do plan to do anything illegal be sure you are ready for what is coming your way. You must be active no matter what you choose for your role. You need to post at least once a month, and show proof of your actions. If you could not complete any actions, your state leaders may be able to punish you for not doing anything for our group.
